

Physician's Choice Head Bands

The majority of Otolaryngologists and Hearing Health Care Professionals in the U.S. believe that patients who wear ear protection, especially custom-molded protectors or preformed rubber ear plugs, should also wear a tight-fitting cap or band for extra protection when swimming or showering.

Use of the **PHYSICIANS' CHOICE** Headband is an effective, stylish, and comfortable way of keeping water out of the ears and ear protectors in place.
