

Provita Smoke Hood

Provita Smoke Escape Hood

Provides 20 vital minutes of life-saving evacuation time. For use in aviation, marine, ground transportation or high-rise buildings

"80% of those who die do so following incapacitation through breathing in smoke and toxic fumes during their attempts to escape, rather than from the flames from the fire itself" - *Parliamentary Advisory Council for Transport Safety*

"An unscheduled landing of a commercial aircraft on average more than once a week" in the United States due to smoke and/or fire situations. Survival in a critical fire situation has depended until now on getting out fast." - *FAA Statistics report*

**Gas-impermeable Charcoal
Filter**

**Transparent, heat resistant
Kapton**

Rubber seal at the neck

One size fits all

Proven to protect from smoke and 98% of
toxins created by fire, including:

Chlorine
Ammonia
Hydrogen chloride
Hydrogen sulfide
Acrolein

**Lightweight and Compact
Wt. 6 oz
8" x 6" x 1" package size
Vacuum sealed**

1. Smoke Hood easily comes out of its 8"x6"x1" vacuum sealed bag ready for use in seconds

2. There is no front or back. The Smoke Hood can be put on quickly for panic situations.

3. The rubber seal easily slips over your head and seals not allowing any smoke through

4. The Smoke Hood provides 360 Degree vision and 20 vital minutes to escape a smoke filled room.
